## 6. Field Certification

The KIMAP program is structured around three key fields: “International Business,” “Entrepreneurship & Finance,” and “Sustainable Development & Public Policy.” These fields are supported by the graduate schools of law, economics, and business administration, offering a diverse range of courses and resources. The overarching objective of the program is to equip students with the ability to seamlessly integrate technical knowledge and analytical skills across disciplines.

### Field Certification Requirement (IMPORTANT)

- Register for one specific field upon enrollment
- Complete a minimum of 13 credits from the chosen field, with at least 6 credits from the Graduate School of Business Administration.

#### (1) International Business Field:

In the field of "International Business," students will gain insights into global markets, marketing, international trade, and the complexities of operating in diverse cultural contexts.

#### (2) Entrepreneurship and Finance Field:

"Entrepreneurship & Finance" field will nurture innovative thinking, financial acumen, and the skills necessary to drive entrepreneurial initiatives.

#### (3) Sustainable Development and Public Policy Field:

The "Sustainable Development & Public Policy" field will explore the intersection of economic growth, environmental sustainability, and social welfare, fostering solutions to create a more equitable and sustainable future.

## Typical Timetable of the KIMAP in Management

★After completing the Research Method I, you will have the opportunity to choose between a research-oriented seminar or a project-oriented seminar based on your career plans and personal aspirations. The decision you make will shape the direction of your academic journey and provide you with specialized skills and experiences aligned with your future goals.

The accelerated pathway is available to students who meet the completion requirements and fulfill the specific field certification requirements. Additionally, eligibility for the accelerated pathway is subject to evaluation by the KIMAP/KIBER Steering Committee to ensure that students have demonstrated a systematic mastery of the coursework.

★After completing the Research Method I, you will have the opportunity to choose between a research-oriented seminar or a project-oriented seminar based on your career plans and personal aspirations.
